

## Who We Are

LCB Productions is an award winning video production and digital content marketing agency located in San Luis Obispo, CA. LCB produces high quality videos and content to showcase your unique company and product. Since being founded in 2020, LCB has been the sought after production company in the central coast due to its industry leading technology and marketing tactics tailored for your individual needs. Despite our growth, we are still rooted in our original mission of celebrating creativity and free thinking through visual creation.

## Our Team

Compared to our competitors, our team is made up of 6 marketing, video, photography, and advertising professionals that are ready to help you with every step of your marketing plan. This allows you to leave with an effective and continuous campaign that you can use for a variety of platforms. We are experienced in videos from short clips for socials to high quality commercials. Unlike larger companies, our team is smaller and focuses on one client at a time, so you have our undivided attention when working on your campaign.

## What We Do

- ◀ Promotional Videos
- ◀ Social Media Content
- ◀ Advertising Photography
- ◀ Web Design
- ◀ Re-branding

We cater to individuals who are looking for creative and quality content and want to branch outside of the traditional advertising model. In an age where technology and branding is ever evolving and changing, we are best suited for clients who are willing to think outside of the box for branding and content creation. Smaller companies who are passionate about their products or service are a great fit for the work that we do. Our video and photo team is willing to travel to customers to capture accurate and quality content, but that does increase the rates, so we tend to work with local companies in California.

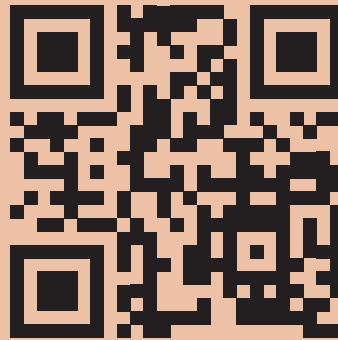

## Past Projects

- ◀ Sunset Magazine
- ◀ 805 Living
- ◀ Village Properties Real Estate
- ◀ Coast Magazine
- ◀ Santa Barbara Film Festival
- ◀ Aurora Travel
